

2017-2018 User Roles and Access to Idaho Assessment Systems

This table provides a brief overview of AIR’s systems and which users can access each system and the features/tasks within each system. For TIDE, features are referred to by their corresponding tab. The corresponding user guide for each system contains complete information about each system’s features.

- **Note:** *DA, DC, and SC users can only view, add, or modify the users in their district and/or school who have a lower role level. For example, DAs cannot add or modify other DA users, and SCs cannot add or modify other SCs or any district-level
